

Take your pick – our full range, at a glance.

Mercedes-Benz Genuine
Remanufactured Parts.

Mercedes-Benz Genuine Remanufactured Parts for Trucks. With high-mileage trucks, there's always a temptation to save money on replacement parts. But with Mercedes-Benz you don't have to choose between value and quality - you get both with Genuine Remanufactured Parts. Each part is checked and tested to strict Mercedes-Benz standards - so it's literally as good as new. But remanufactured parts use less raw material and energy, and we pass those savings onto our customers, which means they're cheaper. And our range is getting wider all the time.

- Cost-effective pricing
- Guaranteed Mercedes-Benz quality
- Always available
- Resource-friendly production
- 12 month warranty
